PROFILE

Cultivating Africa's Potential..

BACKGROUND

Mogami Farms (Pty) Ltd is a South African agribusiness that combines primary agricultural production with fresh produce aggregation and distribution.

The company manages its own livestock farming operations while also partnering with independent farmers to source high-demand produce, which it supplies to fresh produce markets, retailers, and wholesalers across Gauteng and surrounding provinces.

FRESH PRODUCE AGGREGATION & DISTRIBUTION

We specialise in the aggregation and distribution of premium-quality fresh produce, sourced directly from a network of trusted, sustainability-focused farmers. With a strong emphasis on consistency, quality, and environmental stewardship, our goal is to enhance food security and promote healthy living by supplying fresh farm produce to markets, retailers, and communities.

SUSTAINABLE CROP SOURCING

Through efficient aggregation and streamlined distribution, we bridge the gap between farmers and consumers—bringing farm-fresh quality straight to the market.

We work closely with local growers to ensure a steady supply of high-demand crops, *including*:

Potatoes

Tomatoes

Peppers

Butternut

Spinach

LIVESTOCK FARMING

Angora Goats

By focusing on Angora goats, we contribute to the textile industry while promoting ethical animal care and rural economic development through premium mohair production.

The breed's exceptional ability to produce mohair - a natural, durable fiber known for its softness, sheen and versatility.

Simbra Cattle Farming

Our focus is on producing well-balanced, performance-driven animals that meet the needs of commercial and emerging livestock farmers alike.

With sound herd management and sustainable grazing practices, we contribute to the growth of South Africa's red meat value chain.

DISTRIBUTION FOOTPRINT

Our distribution network spans key hubs within Gauteng's fresh produce sector, ensuring reliable and timely delivery to high-volume trading points.

We proudly supply to major municipal fresh produce markets, including:

- Johannesburg Fresh Produce Market
- Ekurhuleni (Springs) Fresh Produce Market
- Vereeniging Fresh Produce Market
- Krugersdorp Fresh Produce Market
